AND INVESTIGATIONS

April 28, 2022

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Touisset Fire Protection project in fiscal year 2023.

The entity to receive funding for this project is the Town of Warren, located at 514 Main Street, Warren, Rhode Island 02885.

This funding would be used to install underground water storage tanks in Touisset Point, a densely populated area where there is currently no public water supply and consequently no water available for fire protection. Homes in the area either rely on individual wells or are connected to a community well, which is shallow and does not provide sufficient flow for fire protection purposes. The area has experienced residential fires over the past two years, resulting in total losses for two properties. This investment would provide important resources to address local public safety concerns.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "D. N. Cicilline".

David N. Cicilline
